

Active Listening

Read each statement and decide if you agree or disagree. Be prepared to discuss your opinions.

Statement	Agree	Disagree
Good listening doesn't require concentration.		
Talking is more important than listening.		
Listening is a skill that anyone can learn.		
A good listener is objective.		
It's okay to answer my phone when I am talking to someone.		
You don't really need to pay attention to body language when listening.		
It is hard to listen when you are tired.		
It is easier to listen to someone if I like what they are talking about.		
The older you are the harder it is to listen.
