

This is a resource for LBS Facilitators who have learners using the CLO resource “Recognizing the Red Seal.”

This resource is designed for learners to work independently or with a tutor. Practitioners are encouraged to supplement this resource with:

- discussions about learner experiences related to the subject matter
- additional activities as desired. For this resource, sharing the Red Seal brochure may be helpful. It can be downloaded from [https://www.red-seal.ca/conf/assets/custom/docms/rs2020\\_brochure\\_eng.pdf](https://www.red-seal.ca/conf/assets/custom/docms/rs2020_brochure_eng.pdf)

**Note:** As part of this resource, learners are told to open a browser and visit the Red Seal website (<https://www.red-seal.ca>). Once there, they will be asked to download and review two PDF files – a self-assessment and an exam preparation guide. Please be prepared to support learners with downloading these documents and saving them for future reference.

**Before assigning the online training to a learner**, instructors should confirm the learner has access to a computer or mobile device with access to the internet.
